

Schaefer, Inc. - ITAR Certified and Compliant

FOR IMMEDIATE RELEASE

September 17, 2009 - Ashland, MA - Schaefer, Inc., identified as a small business and manufacturer of robust and reliable power supplies, announces that they are an ITAR Certified and Compliant company.

ITAR (International Traffic in Arms Regulations) is a set of United States government regulations that control the import and export of defense-related articles and services on the United States Munitions List. ITAR regulations implement the provisions of the ARMs Export Control Act and are interpreted and enforced by The U.S. Department of State. ITAR regulations dictate that information and material pertaining to defense and military related technologies may only be shared with U.S. Persons.

Schaefer designs and manufactures COTS and MOTS power converters that have been certified to MIL-STD-810, MIL-STD-461, MIL-STD-704D, MIL-STD-1399 and other critical standards. A product offering of 6000+ heavy industrial COTS power converters can be easily optimized to satisfy most user-defined electrical, mechanical, and environmental requirements. Designed for mission critical applications, Schaefer's products offer such features are weatherproof/waterproof enclosures, increased mechanical strength, and extended temperature operating/storage conditions.
