

SCHAEFER

Industrial and Military Active Harmonic Filters Air and Liquid Cooled

- Harmonic Mitigation (5% TDD Industrial, 3% MIL-STD-1399)
- Rebuilding Distorted Three Phase Currents
- Power Factor Correction (Phase Displacement)
- 3 and 4 Wire Configurations
- Resonance Frequency Detection - Auto Protection
- Air and Liquid Cooled Units, Modules and Systems
- Low and High IP Rated Units, Modules and Systems

■ **Without POWER BALANCE:**
Harmonic disturbances caused
by e.g. non-linear loads.

■ **With POWER BALANCE:**
Reactive power & harmonic
oscillations are actively
compensated.
